

Kissinger Report

Nixon Told of Viet Mission

Examiner News Service

Thurmont (Md.) - President Nixon received at his mountain hide-a-way last night a first-hand report from ... Henry Kissinger [who] flew by helicopter to the Camp David presidential retreat immediately after his early evening return to Washington from the quick, round the world trip which spurred speculation of a possible breakthrough in Vietnam peace negotiations.

..... Nixon's decision to hear Kissinger's report at Camp David was in keeping with the tight cover of secrecy which surrounded Kissinger's talks first with North Vietnamese peace negotiators in Paris and then with ... President ... Thieu in Saigon.

..... Speculation has run the full range from imminent peace to protracted war. The few known facts would support almost any theory.
