

## Gift Plan For POWs

San Diego

A group of San Diego residents is planning a multimillion-dollar fund-raising campaign to finance a new car and \$2000 resort vacation for each freed U.S. war prisoner.

The project is headed by two directors of Concern for Prisoners of War, Inc. They are Lieutenant Commander Robert Frishman, a former POW, and Roger Chapin, who formerly headed a "Vietnam gift pac" project in which toilet articles were sent to servicemen.
