Mental² Group To Inspect Hanoi Damage

London SFChronicle

A delegation representing the Stockholm Conference on Vietnam will leave Stockholm today for Hanoi to inspect the damage caused by American bombing.

The five-man group, invited by Hanoi in a cable four days ago, will hold meetings in Moscow today and arrive in North Vietnam over the weekend. The invitation indicated that the group — which includes two Swedes, a Canadian, a Norwegian and an Italian would be able to travel widely to inspect the effects of the bombing last month.
