

from Herb Caen column:

... Fabulous mixup on Ch. 4 yesterday morning when the Today show was interrupted so NBC's Ed Newman could interview Le Duc Tho of North Vietnam in Paris. Unfortunately the English translator couldn't be heard, so Newman gave up; then somebody in N.Y. punched the wrong button and on came, instead of the Today show, Miss Dinah Shore saying with great seriousness "Masturbation is really okay" ... English translation: Peace is at hand?
