## A Closed Homecoming

Travis Air Force Base  
Solano county

The general public will not be allowed on base here to witness the homecoming of American prisoners of war, officials here said yesterday.

"Live television and extensive press and electronic media coverage will provide the public with first-hand knowledge and visual contact," a spokesman said.

Officials here said they have no idea when the first of the released prisoners will be returning.

## TV to Show Freed POWs

Live television coverage is planned for the arrival of American prisoners of war in the Philippines, expected to occur Monday morning.

Locally, KRON-TV (Channel 4) and KGO-TV (Channel 7) are affiliated with networks that have already confirmed plans to broadcast the event. A spokesman for KPIX (Channel 5) said that station also expects to broadcast similar coverage.
