Compare the recent...  
years apart in age. One...  
the other is in jail...  
One killed a cop, and the other...  
judge.

One is Angela Davis...  
cher, a 22-year-old...  
December to 10...  
robbery, robbery and...  
weapons. He...  
spend as much time...  
crime as Davis will...  
gets to trial. The...  
cher is Miss American Pie.

What did she do? She...  
robbery of a savings...  
the course of her...  
was murdered.

From here on in, to follow the...  
ber that Miss American Pie is...  
former white Deputy Mayor of...

chic.

Miss American Pie was released...  
into the custody of a...  
who is also an old pal of Heidi's father. The amount of...  
the bail... whatsoever. It was mere stipulated that she...  
in by ten and get a job.

The situation with Davis is somewhat different. She...  
has been in jail for 15 months. She has repeatedly asked...  
for bail and just as often she has been turned down...  
turned down even by one judge who said in open court...  
she would be a good bail risk.

The probation report on her recommended that she be...  
released on \$100,000 bail, which is a lot tougher to raise...  
to get home by ten every night. Even the ad...  
where Davis is alleged to...  
has urged she be bailed. He...  
saying, "I must...  
myself from an establishment...  
has not yet found a way to...  
bail."

Miss American Pie is more...  
a good mouthpiece is worth...  
before Fletcher turned 22, he...  
that if he had waited...  
be sentenced under the...  
Heidi...  
the electric chair, but...  
can be accorded...  
great leniency. That's...  
sentence of nine years and...  
at any time before then. If...  
have served longer for...  
Miss American Pie will have...  
killed her cop.

Return on Heidi's case is that...  
the same day she pleaded...  
it takes weeks for pro...  
recommendations to the judge...

Then the...  
the court showed Heidi Fletcher. Instead of being sent...  
to the women's correctional facility at Alderson, W.Va.,...  
which is a lot closer to Washington, she was sentenced...  
to prison in Los Angeles because the psychiatrist said it...  
would be better if Heidi were closer to her family, and...  
basically the warden there says, "We have palm trees...  
all over here."

Don't...

you must understand, Davis is...  
both black and white, and Fletcher...
