Oval Office "cig," 1970 - WXP, AP and UPI report on an article by Tac Szulc, written for July issue of Penthouse Magazine. The account by WXP begins "Penthouse Magazine said [today] ..." which suggests these reports are based on an advance [illegible] by the magazine.

Szulc's article says a sophisticated laser [illegible] transmitter, hidden in a wall of the Oval Office [illegible] concealed behind a [illegible], was removed in early Aug 70. The device was "apparently controlled by one of the intelligence agencies," [illegible] was installed by a foreign-born [illegible] employed by the government whose name is known to Szulc. "Szulc said ... the device, unlike a tape [illegible] recorder, would not require a police in the room as well as several separate [illegible] conversations [and pick] ... those made over ... lines [illegible] was so ... [illegible]

"AP, [illegible] AP, "[illegible] in 1970 [and] [illegible] 1970." The [illegible] there was some knowledge [illegible] at the time the [illegible] in place.

Nixon, at press [illegible] Aug 72, [illegible] had the WH "[illegible] it was "put in place [illegible] 1970." [illegible] correction. [illegible] [illegible] press [illegible] [illegible] on Butterfield [illegible]
