present. He said he could not recall the names of the others.

He said, however, that after the party only three persons— Mr. Shaw, Mr. Ferrie and Oswald—in addition to himself remained at the apartment.

Mr. Ferrie, he went on, talked of "triangulation of crossfire" and said that with three men shooting at the President at least "one man of necessity will have to be sacrificed to let the other two go free, or that two will have to be sacrificed to let one go free."

When the defense asked what three men were to have carried out the assassination, Mr. Russo said "They never did name names, they never did say who was to be here or here or here."

Earlier in the day, the defense asked Mr. Russo if he had been hypnotized on any day since the start of the court hearing on March 14.

"Absolutely not," Mr. Russo

aid.

He said that he had been placed under hypnosis by a Dr. Fatter [Esmond A. Fatter] in the presence of Dr. Nicholas Chetta, the Orleans Parish coroner.

"What did Dr. Fatter do,"

the defense asked.

"He questioned me," Mr. Russo said. "He talked/to me. All I remember is being asked

questions."

The defense said later that records on a Manuel Garcia Gonzalez and a Julio Buznero had been subpoenaed from the Department of Immigration and Naturalization.

Dr. Chetta took the stand after Mr. Russo and testified that he was present when phy-

sicians gave Mr. Russo sodium pentathol.

This substance is sometimes referred to as "truth serum." Dr. Chetta said it produced "a drug-induced state of hypnosis" that helped a person "recall things that he would not ordinarily recall."
