Nixon (tapes and documents) - Buchen informs U.S. District Court - through a motion filed by the Justice Department - that he plans to comply with subpoena by Senate Select Committee on Intelligence, unless the court rules that he cannot do so. Nixon argues that Buchen does not have the right to inspect or disclose the material to comply with congressional inquiries.

The material requested concerns efforts to prevent Salvador Allende from becoming president of Chile in 1970, and on the Huston Plan.
