The Major Events of the Day

International

crat of Washington, continued to take issue with the Secretary's interpretation of the he negotiated secret arrangements in the missile-limitations agreement of 1972 between the United States and the Soviet Union were "totally false in every detail." However, Senator Henry M. Jackson, Demociple for a limitation on underground nuclear tests at the meetings to be held by President Nixon and Leonir I. Brezhnev, the that he was uncertain how much headway would be made toward another accord limiting strategic arms. [1:8.] Mr. Kissinger also agreement. [14:3-4.] said at the press meeting that assertions that Soviet Communist party leader. But he said hoping to announce an agreement in prinparture for the Soviet Union, said that the United States and the Soviet Union were Secretary of State Kissinger, at a news conference on the eve of President Nixon's de-

Prime Minister Wilson announced that Britain's first nuclear bomb test in nine years was carried out "a few weeks ago" in Novada. His announcement caused dismay and anger in the left-wing of his Labor party, which was also not satisfied with Mr. Wilder the Conservative Government. [1:7.] son's explanation that the test was made un-

After a Sudanese court earlier in the day had sentenced the eight Palestinian guerrillas who killed two American diplomats and a Belgian in a siege of the Saudi Arabian Embassy in Khartoum 15 months ago to life imprisonment, President Gaafar al-Nimeiry of the Sudan decided to hand them over to guerrilas will be freed promptly. [1:6.] Middle East News Agency, meant that the General Nimeiry's decision, reported by the the Palestinine Liberation Organization.
