Banker Denies Rebozo Has Been Subpoenaed

MIAMI, Aug 2 (UPI)— A spokesman for the Key Biscayne Bank and Trust Company denied today that a bank director, Charles G. Rebozo, a close friend of President Nixon, had been subpoenaed to appear before the Watergate committee.

The spokesman, Thomas Wakefield, vice chairman of the bank and Mr. Rebozo's attorney, confirmed, however, that two subpoenas had been received "for furnishing records on several specified accounts."

The report that Mr. Rebozo would appear before the Watergate committee came in a television newscast.
