

Dash Doubts That Nixon
Would Alter Tapes Sought

SYRACUSE, Sept. 10 (AP)—Samuel Dash, the Senate Watergate committee's chief counsel, said yesterday he did not believe that President Nixon would later tape recordings that have been subpoenaed in the case.

In response to a student's question prior to a speech he gave at Syracuse University, Mr. Dash said, "We must go under the assumption that the President won't alter the tapes."
