## Thousands

## Of Wires

## From West

SFChronicle

Western Union reported that a flood of telegrams — 150 per cent above normal — were being dispatched to Washington by citizens in the western states.

Stephen Teglas, operations manager in Reno, said that more than 8000 telegrams were dispatched yesterday morning. Almost all, he said, were going to congressmen and senators in Washington.

For \$2 a citizen may send up to 15 words to Washington. To send a telegram, call 800-648-4100 toll free.
