An East Bay Move to Back Nixon

SFChronicle.

Two Contra Costa county women announced yesterday they have formed an ad hoc committee to organize support for President Nixon.

Bernice Pantell of Lafayette and Beverly Acker of Concord said the committee was necessary to show support for the President "when there is so much talk of impeachment . . . and no way to measure his support."

Mrs. Pantell, a member of the Contra Costa county Republican Central Committee, said they would organize petition drives, take telephone calls and forward supporters' names to the White House and Democratic Contra Costa Congressman Jerome Waldie, who introduced a resolution in Congress calling for impeachment.

Their telephone numbers are 283-2821 and 685-5725.
