

Brown's Impeaching Move

Fallbrook,
San Diego county

Secretary of State Edmund G. Brown Jr. said he has asked California's Congressional delegation to begin impeachment proceedings against President Nixon before the end of the week.

Brown, a Democratic gubernatorial contender, disclosed his request in a speech prepared for a meeting of the Fallbrook and Northern San Diego county Democratic clubs.

"The President's claim that the two key Watergate tape recordings never existed is mind-boggling," he said. "I do not believe it."
