

Guild Leaders Call for Nixon's Impeachment

Washington

The international executive board of The Newspaper Guild called upon Congress yesterday to initiate immediate impeachment proceedings against President Nixon.

A resolution passed at the close of the board's fall meeting said Mr. Nixon's refusal to resign "leaves us no alternative."

The Guild, affiliated with the AFL-CIO, is the union for many editorial and other workers for newspapers, news services, magazines and related media in the U.S., Canada and Puerto Rico.

The union membership has taken no action on the board's move.
