**Mrs. Nixon Receiving
Much Support In Mail**

WASHINGTON, Nov. 24 (UPI)—Mrs. Richard M. Nixon has received thousands of letters of support for the President in recent weeks, her aides said today.

Unable to answer each letter personally, she has replied with an autographed card, embossed with the Presidential seal, that reads: "All of our family deeply appreciated your most thoughtful message of encouragement. Although we are unable to respond personally to the many expressions of support and confidence, we want you to know how much your loyal friendship means to us."

Mrs. Nixon's staff and volunteers have been addressing envelopes to get the cards into the mail before the Christmas rush.
