

Impeach Nixon,

says Ohio paper

AKRON (Ohio) — The Akron Beacon-Journal, which once endorsed President Nixon, says today it believes his impeachment is warranted.

The Beacon-Journal, a member of the Knight newspaper group, said in part in its editorial: "The House has more than enough to justify indictment: Watergate, bombing of Cambodia, illegal impoundment of funds appropriated by Congress, the secret police unit known as the plumbers, the milk deal and others."
