

**Another Recorder**

Editor — Jack Mannarino (Letters, December 19) the "Electronics Expert" may not have been privy to all Naval information. While aboard the Light Cruiser Savannah in 1944 my conversation was recorded and played back in a matter of minutes. I examined the recorder but do not know whether it had wire or tape spools. Of course I was but a carpenters' mate.

JOSEPH RADULSKI (USN, Ret.)  
San Pablo.
