> The timing is significant. Agent Higgins was ordered to break off his investigation in June, 1972, just as Ohio Republicans were cranking up for the election campaign. Pat Gray himself, as acting FBI director, ratified the order, saying the Higgins case was not "prosecutable" and "did not warrant fur-ther investigation."

Yet after the election, the key figure in the case, Lloyd Sahley, was indicted on some of the precise matters raised by the Higgins investigation. Other serious allegations remain unexplored since Higgins was pulled off the case.

Higgins, meanwhile, became involved in an unrelated altercation with another agent and an auto accident. The FBI used these incidents, plus the charge that he continued to investigate the Ohio case against orders, to drive him out of the FBI. First he was ordered to give up his gun; later he was fired outright.

This was Higgins' reward for pressing an investigation against powerful Republicans during election time. Forgotten were the 12 commendations and awards he had received from FBI director J. Edgar Hoover

When he laid part of the complex case before U. S. District Court Judge Vincent Biunno of Newark, N.J., the judge took onelook at the explosive documents and locked them up. Biunno stoutly refused to comment on why he suppressed the records, although his friends insist he. didn't recall seeing any mention of the high Republicans.

There is one final irony. William Higgins happens to be a devoted Republican, whose investigation was totally nonpartisan. Indeed, he voted for Richard Nixon's law-and-order candidacy in 1972.

Footnote: In answer to our queries, the FBI stated: "The FBI looked into the allegations of Higgins and his allegations are unfounded. In view of the court order under which we are presently operating and the pending Civil Service Commission hearing scheduled for New York City on Jan. 15, it will not be possible for us to comment further at this time." Zimmerman, when we reached him, vigorously denied anv Mafia connections. Sahley could not be contacted.
