*Tass Sympathetic*

### *To Nixon on Taxes*

MOSCOW, April 5 AP)  
—Tass gave President Nixon's tax problems a sympathetic mention today.

The official Soviet news agency said the Internal Revenue Service found that Mr. Nixon owed \$432,787 in additional taxes and reported that the president "gave orders that this sum be fully paid."

"This case is now actively used by political figures and press media hostile to the president," said the brief dispatch under a Washington dateline.

The Tass report was the first official Soviet comment on Mr. Nixon's tax problems.
