## President Sees

### Ex-Gov. Rockefeller

President Nixon held an unannounced, 90-minute meeting yesterday with former New York Gov. Nelson A. Rockefeller.

A White House spokesman, disclosing the session several hours afterwards, said Rockefeller came to the White House to discuss his recently formed Commission on Critical Choices.

The spokesman said he didn't know what else the two men discussed, but said Mr. Nixon has met periodically in the past with his one-time rival for the Republican presidential nomination.
