Transcript Going Into the Record

United Press International

Senate Majority Whip Robert Byrd (D-W.Va.) began inserting the transcript of President Nixon's conversations dealing with Watergate in the Congressional Record yesterday.

At the same time, Minority Whip Robert Griffin (R-Mich.) inserted the summary of the transcript prepared by the White House that states that Mr. Nixon is innocent of any wrongdoing.

Byrd said he would insert daily, the portion of the transcript that he reads the night before.
