## **New Poll--**

### **53% Want**

### **Nixon Out**

New York

Time Magazine says a nationwide poll following release of the edited Watergate transcripts shows that 53 per cent of those polled want President Nixon to resign or be impeached.

Only 38 per cent in the poll done for Time by the Daniel Yankelovich organization said they wanted Mr. Nixon to remain in office.

The Time poll also showed that the number of people who feared impeachment would mean disaster for the country had dropped from 61 per cent last November to 38 per cent following release of the transcripts.
