Want the President Out

NYTimes

Time Magazine says a nationwide poll following the release of the Watergate transcripts shows that 53 per cent of those polled want President Nixon to resign or be impeached. The Associated Press reported. Only 38 per cent in the poll, done for Time by the Daniel Yankelovich organization, said they wanted Mr. Nixon to remain in office.

The poll also showed that the number of people who feared that impeachment would mean disaster for the country had dropped from 61 per cent last November to 38 per cent following the release of the transcripts.
