(Expletive Deleted)**

INDIANAPOLIS, May 17 (AP)—Julie Nixon Eisenhower says she sometimes uses (expletive deleted) herself.

Mrs. Eisenhower said use of words such as those deleted from the edited transcripts of White House tape recordings is merely a way to release pressure.

"Sometimes I like to indulge in them myself," President Nixon's younger daughter said during a question-an-answer session after her speech to the Girls' Club of Indianapolis Thursday night. About 100 persons, mostly teenagers, attended the meeting.
