

**Watergate 'Shakes'****Eisenhower Family**

WEST POINT, N.Y., May 30 (AP)—Retired Col. John Eisenhower, son of the late President, said today the Eisenhower family was "shaken" at the Watergate affair but was confident President Nixon would come out of it all right.

Former First Lady Mamie Eisenhower said she has not read the tape transcripts Mr. Nixon released, but added, "I'm a Nixon person and have been for years, which everybody knows, including the President."

Mother and son were at the U.S. Military Academy for the official opening of Eisenhower Hall, a \$22.3 million recreation facility named for the late president.
