

# Ford May Visit Nixon

Los Angeles

President Ford may visit critically ill Richard Nixon this morning if the former president's physician thinks it would be helpful.

White House Press Secre-

tary Ron Nessen told reporters last night that Mr. Ford talked on the telephone with Pat Nixon and she described her husband's condition as "feisty."

According to Nessen, the President told Mrs. Nixon,

"I don't want to push but would it help if I came down there?"

"I can't think of anything that would do him more good," Mrs. Nixon replied.

tour in California, reached Mrs. Nixon at the home of friends in Rolling Hills only a few miles from Long Beach Memorial Hospital where her husband is under intensive care.

Mr. Ford, according to

Nessen, said he had a busy schedule but might make some free time Friday morning for a hospital visit if Dr. John lungren, Mr. Nixon's personal physician, gives an okay.
