

### **Charge Dropped For Ehrlichman**

LOS ANGELES, Feb. 25 (UPI)—A charge of perjury against John D. Ehrlichman in the break-in at Daniel Ellsberg's psychiatrist's office here will be dropped by Los Angeles County authorities, deputy district attorney Stephen Trott said today.

Ehrlichman, top domestic adviser under President Nixon, had been indicted for allegedly lying to a grand jury about his knowledge of the "plumbers'" break-in.

Ehrlichman was sentenced Friday for his part in the Watergate cover-up. Trott said a decision had been made to drop the perjury charge.
