

Nixon Satire Canceled

Salt Lake City

A film satirizing former President Nixon has been canceled from further showing in the United States after its premier here brought boos and rock throwing, its producer said.

Alan Abel canceled his 16mm movie, "The Faking of the President," after two performances in a scheduled three-day benefit.

Employees at the downtown Capitol Theater confirmed the benefit opening last week brought boos, yelling of obscenities, and rock throwing outside the theater.
