Weicker Assails

Book on Nixon

Avon, Conn.

W/G

Senator Lowell P. Weicker Jr. (Rep-Conn.), an outspoken Watergate committee member, Wednesday termed "a disgrace" the book, "The Final Days," which deals with the Nixon administration in the scandal's aftermath.

The Connecticut lawmaker said the book by Washington Post reporters Bob Woodward and Carl Bernstein, who investigated the scandal, is "a disgrace because it cheapens what was a valiant effort to protect the Constitution."
