## Colson's Book 'Born Again' Will Be a Major Movie

Washington

"Born Again," the post-Watergate book by former Nixon aide Charles Colson will be made into a major movie, producer Robert L. Munger announced yesterday.

Colson's book tells of his Watergate-related experiences, his time in prison for his role in the scandal and his conversion to a deeply religious life centered on helping those in prison.

Munger announced plans for the movie at a news conference held jointly with Colson and the man who will write it, Walter Bloch.

"Born Again," Munger said, will be a major motion picture with a budget of \$3 million to \$5 million."
