BOOK-DIVIDENDS: SOMETHING FOR EVERY READING FAMILY TO KNOW ABOUT

THE EXPERIMENTAL MEMBERSHIP suggested here will not only prove, by your own actual experience, how effectually membership in the Book-of-the-Month Club can keep you from missing, through oversight or overbusyness, books you fully intend to read; it will also demonstrate another equally important advantage enjoyed by members: Book-Dividends. Through this unique profit-sharing system Book-of-the-Month Club members can regularly receive valuable library volumes—at a small fraction of their price—simply by buying books they would buy anyway if they were not members.

If you continue after this experimental membership, you will receive, with every Club choice you buy, a Book-Dividend Certificate. Each Certificate, together with a nominal sum, often only \$1.00 or \$1.50—somewhat more for unusually expensive volumes—can be redeemed for a valuable Book-Dividend which you may choose from over 100 fine library volumes whose retail prices now average \$7. Since its inauguration the almost incredible sum of over \$362,000,000 worth of books (retail value) has been received by Book-of-the-Month Club members through this unique plan.
