
Author's Side Of Clashes With Kennedys

New York

Author William Manchester will publish an account of his "stormy clashes" with Mrs. John F. Kennedy and Senator Robert F. Kennedy later this month, it was learned yesterday.

Look Magazine, which serialized Manchester's controversial "The Death of a President," has scheduled publication of the new article in its April 4 issue, which will appear March 21.

The article will detail "early courtesies and friendship, a long period of indifference and final stormy clashes," the spokesman said.
