JUN 9 1971

"Is there anything more to be said about Jacqueline Bouvier Kennedy Onassis?" asks Time Magazine.

"The surprising answer is yes," says *Time*, "and the proof is the latest Jackie-book, *Jacqueline Kennedy, The White House Years*, by Mary Van Rensselaer Thayer, a veteran writer and Jackie's longtime friend." Prepared with the full cooperation of the former First Lady, the book includes personal recollections, private memoranda, many new, previously unpublished photographs and anecdotes.
