CE 833, XVII 797
- 15 Sep 64: James J. Rowley, Secret Service, sends J. Lee Rankin this handbill and CE 2966-A. Covering letter shows obvious correction of P.O. Box number, which is typed on a machine other than the one used for the remainder of the letter.

Handbill, L.H. Oswald, 4907 Magazine (CE 1413)

- 12 Aug 63: Report on Oswald's arrest by Maj. Presly J. Trosclair, New Orleans Police Dep't, includes this handbill and also Hidell leaflet, presumably taken from Oswald at time of arrest 9 Aug 63. (See also page on 544 Camp St.)
CE 1413, XXII 824, 825

Handbill, L.H. Oswald, 4907 Magazine Street (CE 2966-A) See p. 3.

- 16 Aug 63: Appears to be identical with CE 1412, with the exception that in this case the name and address are shown. Carlos Bringuier (testimony 7-8 Apr 64) says handbill distributed at International Trade Mart 16 Aug 63 carried this name and address.
CE 2966-A, XXVI 448; X 41
- 15 Sep 64: James J. Rowley, Secret Service, sends J. Lee Rankin CE 2966-A and 2966B; says both were taken from Oswald when he was arrested 9 Aug 63 and obtained by Secret Service from New Orleans police 23 Nov 64. (The date 1964 an obvious error.) Warren Report issued 28 Sep 64.
CE 2966, XXVI 447, 448

Over, p. 3

It seems obvious from creases and other marks that CE 2966-A and CE 1412 are identical except that in CE 1412 the name and address, and the initials (of - ?) and date, have been painted over.

The key question is when and why this was done. If Oswald's name and address appear in the handbill turned over by Rowley 15 Sep 64 (CE 2966-A), how could they already have been blanked out in the one turned over by Hoover 22 July 64 (CE 1412)? Did Hoover and Rowley send Rankin photographs of these leaflets, and not the originals? Rowley's covering letter says "two circulars", not copies of two circulars.
