Ten shots from an eight shot revolver

To know there are too many bullets, one only has to count them. Just count the actual bullets—in the places where they were found—not the wounds, nor the bullet holes in the clothing. Just the bullets.

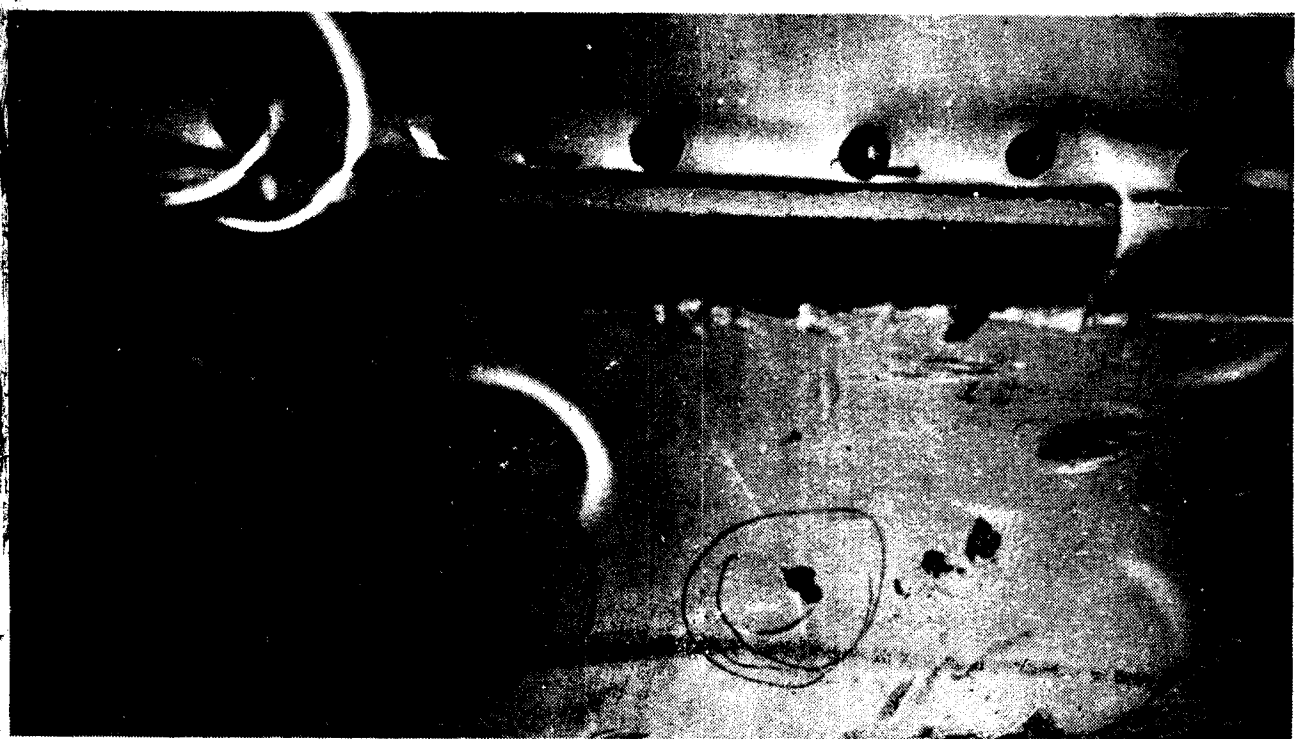

ONE recovered (in fragments) from Kennedy's head, (Good Samaritan)
 ONE recovered from the back of Kennedy's neck. (Good Samaritan)
 ONE recovered (in fragments) from Paul Schrader's head (Kaiser)

ONE recovered (in pieces) from Elizabeth Evari's forehead, (Huntington)

ONE recovered from left side of abdomen of William Weisel, (Kaiser)
 ONE recovered from left thigh of Ira Goldstein, (Enchino)
 ONE recovered from lower left leg of Irwin Stroll, (Midway)
 TWO recovered from center divider, pantry doors. (photo right)
 ONE recovered from doorframe of door back of stage. (photo above):

session. They can spread them out on a table and count them. This means that the police have not told us the truth—the District Attorney has not told us the truth—the news media have not reported the truth—and Dr. Noguch is being discredited and destroyed because he tried to tell us the truth. It is a very frightening thought. What can we do? Where can we go with this information? Who is in charge? Who is responsible to the people? Kennedy Assassination Truth Committee
