

AFTER LANE TALK

Radio poll shows 10-1 hold Oswald innocent

TWO WEEKS after Mark Lane appeared on New York radio station WOR to discuss the reasons for his belief that Lee Oswald, the man accused of assassinating President Kennedy, was innocent of the crime, the station revealed the following results of a public opinion poll sent in by its listeners:

Oswald guilty—44.

Oswald Innocent—517.

Lane debated on WOR Aug. 9 with three attorneys who maintained that Oswald was guilty.

The New York lawyer announced that he was beginning another two-week speaking engagement on the question "Who Killed Kennedy?" Lane will lecture and show slides demonstrating his belief that Oswald was not guilty of the murder. He is appearing each evening until Sept. 7 at the Jan Hus Theater, 351 East 74 St., N.Y.C. (YU 9-6855). An earlier two-week lecture series attracted capacity audiences at the Gramercy Arts Theater.
