

Josiah Thompson, interviewed by Owen Spann, KGO - tape No. 66.

At 350 feet on tape (Sony 104), Thompson said he had interviewed Dr. McClelland, who told him that earlier report of a wound in the left temple was a mistake - there was no wound in left temple.

CE 392, medical report made by Dr. McClelland, 22 Nov 63, 4:45 p.m.:

"The cause of death was due to massive head and brain injury from a gunshot wound of the left temple."

XVII, 12

When Dr. McClelland testified he was not asked about this wound. Was asked to identify Exh. 392 and asked if all the facts stated were "true and correct to the best of your knowledge, information and belief," to which he replied in the affirmative.
