Kissinger to Visit Japan Next Month

by Robert B. Semple Jr.

Washington, March 29 - ..... Mr. Ziegler, who spent much of this day answering questions and making announcements about the real and purported comings and goings of the President and Mr. Kissinger, also denied a report that Mr. Kissinger had conferred with Cuban officials while in Acapulco last week for what the White House has described as a vacation.

Mr. Ziegler said there was "absolutely no substance" to an article in The Washington Daily News quoting Cuban exile sources as saying that Mr. Kissinger had conferred with Havana's Ambassador to Mexico, Joaquin Hernandez Armas.
