**FBI Seeks
Leader of
Minutemen**

WASHINGTON (UPI) — The FBI sought help from the nation's law enforcement agencies today in its search for Robert Bolivar Depugh, "acknowledged leader of the Minutemen" organization.

Depugh is wanted for conspiracy to commit bank robbery in connection with a plot to rob banks and reportedly use the proceeds to finance the Minutemen, the FBI said. They described the group as a "secret extremist and anti-Communist organization."

The FBI law enforcement bulletin devoted a page to Depugh, warning that he is an expert firearm shot and should be considered extremely dangerous. The bulletin is distributed to all law enforcement agencies.
