Dear Mrs Jim White,  
I arrived here in Europe (Munich) last Saturday, rented a car & then drove to Geneva where I stayed 3 or 4 days. I tried to call you before I left to tell you but couldn't reach you. Truly this has been one of the happiest times in my life and the magnificence of these beautiful cities (as Lucerna & Rome) have added to the experience which I shall never forget. My senses have been overwhelmed so much that it feels like a dream. I do hope you are both fine & well. Please send her regards.  
Best,  
Steve
