

Below is a list of Commission Documents which the Archives say have "recently" been "cleared for research," i.e., de-classified. This list may be of value to researchers and, hence, it is reproduced here. However, certain things should be noted:

- 1) Some of the (D's have long been declassified in whole or in part; in fact, some are printed as Commission Exhibits.
- 2) The whole list is FBI.
- 3) Most reports are early and of no particular significance.
- 4) A few may be worth noting: 208, 728, 1179, 1255, 1347, 1546.
