Dallas, April 30 (AP)- Mrs. Marina Oswald has agreed to grant James H. Martin and John H. Thorne until May 15 to submit a sworn statement listing donations received following her husband's death last Nov. 24. Lee Harvey Oswald, accused presidential assassin, was killed by Jack Ruby during a jail transfer.

Mrs. Oswald petitioned April 17 for a complete accounting of the more than \$68,000 sent her and asking that contracts signed with Martin and Thorne as her personal manager and attorney-agent respectively, be declared null and void.

The defendants asked Mrs. Oswald's attorney, William McKenzie, to agree to the extension of time. McKenzie said Mrs. Oswald agreed.

A hearing -- set for today in Judge Dee Brown Walker's court -- will not be held.

Thorne and Martin still have not freed any of the money to the accused presidential assassin's widow. Much of it is in bank accounts and a \$25,000 trust fund, of which Martin and Thorne are co-trustees.

Martin's 10-year contract calls for his getting 15 per cent of all monies raised by the Russian-born widow's book, movie television or advertising rights -- even personal appearance fees and endorsements.

Thorne's contract calls for 10 per cent and claims that all personal and business legal counseling shall be exclusively with the Grand Prairie firm of Thorne and Leach.

The contracts were signed last Dec. 5 and Dec. 6 -- only a few days after Mrs. Oswald moved into Martin's home with her two small children. The \$25,000 trust fund -- untouchable by Marina and her children until they are 25 -- was set up on Dec. 30.

Marina claims in her suit that the contracts were never read to her in Russian and that she did not realize or comprehend what she was signing.

She claims further that never was Robert Oswald -- the brother of Lee Harvey -- allowed to talk with her in private in all the days she resided at the Martin household; that, in effect, she had not one to go to for advice.

Martin and Thorne claim they spent considerable time negotiating for movies, books and such and should be compensated for their services.
