## Plot Rumors Bother Ruby

### Dallas

Jack Ruby wants the world to believe that he and he alone was responsible for the murder of Lee Harvey Oswald.

Intimates said Ruby, doomed by incurable cancer, is obsessed with the desire to make it fully and finally clear, before he died, that the shooting of the man named as President Kennedy's assassin was not the result of a conspiracy.

Said Ruby's brother, Earl, a Detroit businessman:

#### LIE TEST

"Jack has told me a dozen times or more he prays to be given a final lie detector test so people will be convinced that there was no plan on his part, or conspiracy of any kind, to kill Oswald. It is his last wish."

Ruby remained in serious condition yesterday in his room at Parkland Hospital. His cancer is widespread and inoperable. Doctors have de-

clined to estimate how long he may live.

Elmer Gertz a Chicago lawyer on the legal team which on a reversal of Ruby's conviction of the Oswald murder, talked with the 55-year-old former night club operator Sunday.

#### AWARE

"Jack reads the newspapers and magazines and watches television and is aware of the controversy about the Warren Report and all the books and articles which are constructing incredible stories of a conspiracy in which he is claimed to have had a part," Gertz said.

"He says 'How can they think I am hiding anything or protecting anyone else There is nothing to hide; there was no one else.'"

Gertz said Ruby has insisted over and over again that he had no way of knowing Oswald was being removed from the police and courts building at the time.
