Hoover Eulogies
Distributed on Hill

United Press International

The Government Printing Office yesterday distributed to Congress and the Justice Department nearly 7,000 copies of a bound volume of tributes paid the late FBI Director J. Edgar Hoover following his death on May 2, 1972.

The book contains 328 pages of eulogies by 20 Senate members and 128 House members in their congressional speeches, numerous newspaper editorial tributes and transcripts of congressional resolutions.
