

Network voice [first few words missed;  
paraphrase: A forensic pathologist who spent two days  
examining materials connected with] ..... the autopsy  
performed on President John F. Kennedy concluded today  
that accused assassin Lee Harvey Oswald could not have  
acted alone.

The pathologist is Dr. Cyril Wecht, coroner of  
Pennsylvania's Allegheny County, including the Pittsburg  
area.

He says his examination of the autopsy materials  
including the recovered bullets, convinces him that it  
was physically impossible for only one gunman to have  
murdered Kennedy.
