

Law Dean Sees New Assassination Probe

CINCINNATI — (UPI) — University of Cincinnati law school Dean Claude Sowle said yesterday he believes the investigation into the

Kennedy assassination will be reopened. "I think pressures for that step have become so great that it's imperative and inev-

itable that it be reopened," Sowles said. "Although it has been my hope that the Warren Commission report would be re-

garded as adequate, I now feel in the light of evidence that has been brought forth and the uncertainty it has provoked that it would be ap-

propriate for a new investigation," he said.

Sowle said the question of the number of bullets that were fired and the speed with which Lee Harvey Oswald's rifle could be fired "seem to lead to a very strong suggestion that there may have been more than one person involved in this matter."
