Thanks. But if you see any more, please don't knock yourselves out, for my interest is in Stoner, whose role, if any, in the King case is still unclear as to his relationship (esp. prior) with JERay. There seems to be a present JER respect at least for S, which is anything but warranted by performance.

both for Excelsior in Mex. City.
I have them now if yiu'd like
them. They are, of course, in Spa
