

Unless there is something special
in the NYT or locally, what will
not likely appear in the Post
and is of real meaning, please
do not go to any trouble on the
LBJ memoirs. The Post is serial-
izing and I suppose, eventually,
I'll have to get the book. If by
then it is not being remaindered
or in reprint, that will be time
enough. I'm too busy for it now
and the first time I can expect to
have periods of 1/2 hr or more for
reading is when Lil starts work
the first of the year. I have to
pick her up on time but she can't
always (or usually) leave on time.
I expect there will be enough vs
the Kennedys to perhaps be of
some small possibilities in the
present hassle. I've seen the
new Sprague rubbish in Computers
and have written him, so don't
copy of you see. By the way, on th
the other LHO trip to Mexico, it
was to spend the night with a
whore (O in NO). H
